Preparations are being made at both Canoe Place Inn and Lock Arbour to break up camp. In a few days both of these scenes of great interest the past ten weeks will be deserted. Unless the coming contest ends in a draw one of them will be famous as the where the champion of the world did his training. Sullivan will shake the dust of Good

Johnston will not tell the exact time that Sullivan leaves, as he wishes to avoid any crowds tha may be on hand to get a glimpse at the champion when he arrives at Brooklyn Johnston will go down to the quiet Long

The departure will be made at 5 o'clock Thursday afternoon from the West Shore depot in Hoboken. As has already been told a special train will carry the Sullivan coteste to New Orleans. A car will be fitted up with training apparatus and other things necessary for the big puglilat's comfort.
